8th September 2011

Dear Parent

Following recent Government guidelines we are trying to simplify and cut down on the paperwork involved in students participating in school trips. Last year St Gregorys' ran over 50 trips and a great deal of time was taken up chasing consent forms and payments. For all school trips **not** involving an overnight stay we will now ask for one Yearly consent form to be completed. **It is very important therefore that any changes to contact details or medical conditions which occur during the year are relayed to the school office so that our records can be amended.**

Consent forms will still be needed for residential trips as more information is required for these.

We have also attached a list of regular school trips for your information with approximate costs. Obviously many more trips get added throughout the year especially theatre visits and revision conferences.

Please complete the attached consent form for your child and return to the school office as soon as possible. There will be a box on top of the Review trays in reception. **If we do not receive a consent form for your son/daughter they will not be able to take part in any school day trips this year.**

Yours faithfully

N Bradbury Assistant Headteacher
